The **Lampitt Bill** states that an AA or AS degree from a New Jersey community college will be fully transferable as the first two years of a baccalaureate degree program at a New Jersey public four-year institution. Most students will enter the senior institution with junior standing. Please note that at The College of New Jersey you must have a minimum of 16 units (64 credits) to have junior standing. Associate degrees can range from 60-68 credits. As an associate degree student you will not be required to take any liberal learning courses, including the Civic Responsibilities, FSP and the second language requirement. You may be required to take additional courses in your program to satisfy pre-requisites or professional certification requirements. Students must submit a final transcript with the degree posting to the Office of Records and Registration as verification. Copies of the diploma will not be accepted.

**Important transcript information:**

Request to have your official final college transcript sent **ASAP** to: Office of Admissions–Transfers, P.O. Box 7718, Ewing, NJ 08628. If you are graduating with an Associate’s Degree, that information needs to be posted on your transcript. Many official transcripts will not be received by Orientation, so it is important for students to bring their unofficial transcript to the registration venue at Orientation day. This will help your academic department appropriately register you.
